Note: For Series 8, 8H, 9 & 9H the entire trap must be replaced with a Series 8C or 9C trap. However, the existing union nut and tailpiece can be used to connect the new trap.

For Series 17A & 17D the entire trap must be replaced with a Series 17C trap.

For Series 17K the cap and element are no longer available. Replace entire trap with 17C if not functioning. Existing tailpiece and union nut may be reused.
